

Vision Project proudly announces an exhibition

Richard Falco

To Bear Witness/ September 11th

Richard Falco's stunning photography taken at Ground Zero immediately after the terrorist attacks is the inspiration for a multimedia exhibit designed by Jon Walker under the direction of Art & Design Gallery Director Mary Treschitta. The exhibit incorporates many forms of media including Photography, Augmented Reality, Interactivity, Digital Presentation, Video, and Audio to examine, 20 years later, how we who were contemporaries of the attack remember those times, and how those of us who may not even have been born have come to learn of and understand the events that have shaped every day of our lives since then.

Opening - September 14th, 2021 - December 11, 2021

**Art & Design Gallery
Sacred Heart University
5151 Park Ave. Fairfield, Ct.**
